# 1950 Prince William County Virginia Census

The names and ages of persons shown in this book were transcribed from a copy of the original handwritten 1950 census enumerations for Prince William County, Virginia.

After transcribing the census, I rearranged the heads of families in alphabetical order to facilitate quick reference. Non-surname individuals in the households are cross-referenced alphabetically in the listing to the head of the household with whom they were residing

The 2000 plus marines living in barracks at Quantico will be listed in an addendum.
